SOME PEOPLE REASON THAT SEEING IS BELIEVING. THEY FEEL THEY ARE FREQUENTLY DECEIVED. HE SAW A BIG PICKEREL SWIMMING IN THE RIPPLES. HE LICKED HIS LIPS IN ANTICIPATION OF A DELICIOUS FISH DINNER. THE AGENT REMAINED AWAY ALL DAY. LATE AT NIGHT HE MADE HIS WAY TO THE PLACE WHERE THE SAILORS STAYED. SPECIAL REGULATIONS WERE NECESSARY TO HELP THE SELLING OF EGGS. SEVERAL SENATORS EXPRESSED PLEASURE. HE BANGED THE BLACK SEDAN INTO A TAXICAB. IT WAS BADLY DAMAGED BY THE CRASH. HE WAS UNABLE TO UNDERSTAND UNCLE SAM. HE MUTTERS AND MUMBLES ABOUT NOTHING. HE STARTED ACROSS THE YARD TOWARD THE BARN. HIS FATHER REMARKED CALMLY THAT HE'D BETTER NOT WANDER TOO FAR. "DON'T GO HOME ALONE IN THE SNOW. YOU'LL BE COLD AND SOAKED AND HALF-FROZEN," HE SAID. HE PUSHED THROUGH THE BUSHES TO THE BROOK. FROM WHERE HE STOOD IT LOOKED LIKE AN AMBUSH. AS A RULE THEY GO CANOEING IN THE FORENOON. THE POOL IS TOO COOL IN JUNE. HE REFUSED TO JOIN THE MUSICIANS' UNION. HIS EXCUSE WAS VIEWED WITH AMUSEMENT. HE WANTS TO PLOW ALL THE GROUND AROUND HIS HOUSE. SOMEHOW I DOUBT IF THE COUNCIL WILL ALLOW IT. THE TILE WORKERS WERE FIGHTING FOR HIGHER PRICES AND MORE TIME OFF. THEY TRIED TO DRIVE BACK THE STRIKE-BREAKERS. THE BOYS ROILED NOISILY IN THE BOILING SUN. THEY ENJOYED THE WORK THAT HE AVOIDED. FIRST THE GIRLS TURNED ON THE FURNACE. THEN THEY WORKED ON BURNING THE DIRTY PANTIES. HE WILL UNDERTAKE IT SOONER OR LATER. PERHAPS AFTER ANOTHER SUMMER IS OVER, IN SEPTEMBER OR OCTOBER. HIS BARN IS COVERED WITH BRILLIANT RED ROSES. THE BROAD CRIMSON ROOF DRAWS ADMIRING CROWDS FROM FAR AND NEAR. HE HELD HIS LITTLE FELT HAT AND HIS BLACK GLOVES IN HIS LAP. HE SILENTLY PLACED THE WILL ON THE TABLE. MR. HITLER HAD CLIMBED MANY MOUNTAINS, BUT THE CHASM BEFORE HIM WAS THE MIGHTIEST IN HIS MEMORY. LADEN DOWN BY THEIR BURDENS, THEY RAN FROM THE BARN INTO THE OPEN. THE TORNADO WAS NOT FAR DISTANT. THE MONKS HAD NO INKLING THAT ANYTHING WAS WRONG. SUDDENLY THE STRONG TONES OF THE GONG RANG OUT. DID YOU EVER SPECULATE ON THE USES OF THE FAMILIAR ONION? ON THE VALUE OF A YELLOW YAM? WAIT UNTIL THE WEATHER IS WARM. THEN EVERYONE WILL WANT TO WALK IN THE WOODS. "WHAT IS THAT?" HE WHISPERED. SOMEWHERE FROM THE LEFT CAME THE WHISTLE OF A BOBWHITE. HURRY BACK, ANYHOW. IT WILL HELP IF YOU ONLY HEAR HALF THE REHEARSAL. PART WAY UP THE SLOPE ABOVE THE POOL WAS A POPULAR CAMPING SPOT. MANY PEOPLE STOPPED THERE FOR PICNIC SUPPERS. THE BRITISH WERE NOT BOTHERED ABOUT THE ROBBERY. THEY BELIEVED THEY COULD BRIBE THE ARAB TO BETRAY HIS TRIBE. AFTER WAITING FOR TWENTY MINUTES THE TRAIN LEFT THE STATION. THE EXCITED RECRUITS SAT AND TALKED ALL NIGHT. THE DOLL'S RED DRESS WAS SOILED AND MUDDY, BUT THE RAGGED CHILD HUGGED IT ADORINGLY. SHE HAD A PARTICULAR DISLIKE FOR HAWKS AND CROWS. SHE CALLED THEM WICKED CREATURES. THE BIG DOG BEGAN TO DIG UNDER THE LOG. HE FORGOT HIS HUNGER AND GRABBED HIS GUN. "FOR BREAKFAST," SAID HE. "I FIND THAT COFFEE IS THE STAFF OF LIFE." GRAPEFRUIT IS A FOOD FOR INFANTS. HE BELIEVES HE'LL SAVE THIS HEAVY VEIL. THE VOGUE MIGHT BE REVIVED EVENTUALLY. HE THOUGHT THAT THE THEORY WAS PATHETIC, BUT HE HAD FAITH THAT SOMETHING WOULD LEAD TO THE TRUTH. HIS FATHER FINDS IT HARD TO BREATHE IN THIS WEATHER. EVEN THE HEATHER WITHERS. THE SUCCESSFUL STUDENT DOES NOT ASSUME THAT CLASS EXERCISE IS SUFFICIENT. HE ALSO PRACTICES BY HIMSELF OUTSIDE. HIS COUSIN'S PLAY, "THE ZERO ZONE," IS AMUSING, BUT IT WON'T BE CHOSEN FOR A PRIZE BECAUSE IT DOESN'T DESERVE IT. THE FISHING SHIP WAS IN SHALLOWS NEAR THE SHORE. IN ONE MOTION A WAVE CRUSHED IT ON THE SHOAL. HE MADE NO ALLUSION TO SABOTAGE, BUT AN EXPLOSION NEAR THAT GARAGE IS UNUSUAL. HE WAS A RIGHTEOUS OLD BACHELOR. HE WATCHED FOR A CHANCE TO CHASE THE CHILDREN OUT OF HIS ORCHARD. ALL BUT HE PLEDGED ALLEGIANCE TO THE LEGISLATION. HE OBJECTED THAT IT WAS UNJUST TO THE SOLDIERS.

In all, police unearthed the bodies of 27 youths recruited by Henley and David Owen Brooks, 20, for Dean Corll, 33, who sexually assaulted the victims and then killed them.

# RECTAL FOREIGN BODY CASE REPORTS

## Case 1:

A 39-year-old married white male lawyer presented with a self-inserted perfume bottle in his rectum that he was unable to remove using various objects, including a back scratcher. He had inserted this bottle on previous occasions. Edema of the rectum and sigmoid colon precluded the successful manual removal of the object in the emergency room. A pelvic x-ray film showed the object to be lodged 12 cm proximal to the dentate line. The 3 by 17 cm object, "Impulse Body Spray," was removed manually after a spinal anesthetic. The patient was discharged on the second postoperative day. He refused psychological counseling.

## Case 2:

A 39-year-old white male was admitted to the University Hospital psychiatric service for evaluation of a 2-week history of bloody diarrhea and auditory hallucinations. Rectal examination revealed a foreign body approximately 3 cm above the anal verge. An x-ray film showed that it was 20 cm in length. The object could not be removed by manual or endoscopic means. The patient consented to extraction of the dildo under general anesthetic. Biopsy specimens of the hemorrhagic rectal mucosa were performed and were negative on Ziehl-Neelson stains for mycobacterial or cryptosporidium infection. The patient was discharged without complications the following day.

This article describes an unusual rectal foreign body resulting from homosexual anal erotic activities. The patient had used an enema containing a concrete mix which became impacted and required surgical removal. The use, abuse, and complications of enemas are reviewed. Key Words: Anal eroticism—Colorectal injuries—Enemas, cement—Foreign bodies—Paraphilias. During the last 20 years, sexual habits have changed in western society. Both homosexuals and heterosexuals have shown an increasing interest in anal erotic practices, including the use of enemas for sexual enjoyment. We report a case of a klismaphiliac who had an impacted foreign body in his rectum following an enema with a concrete mix.

## Case 3:

A 20-year-old man presented to the emergency room complaining of rectal pain. A well-nourished, well-developed man without signs of intoxication was admitted in no apparent distress. Digital examination of the rectum revealed a stony hard mass. Abdominal plain films showed a vertically oriented, low-lying radiopaque object in the rectum. A spherical radiolucency was noted in the upper pole of the mass. A blood alcohol level was negative. No other drug testing was performed. Upon further questioning, the patient said that approximately 4 hrs earlier he and his boyfriend had been "fooling around." After stirring a batch of concrete mix, the patient laid on his back with his feet against the wall at a 45-degree angle while his boyfriend poured the mixture through a funnel into his rectum. After the concrete mass hardened, it became so painful that he sought medical care. Under general anesthesia, the anus was dilated and two Foley catheters were inserted alongside the rectal mass to relieve suction. A concrete case of the rectum was delivered without incident. The rectal mucosa was intact with a hyperemic and edematous appearance. The patient was kept overnight and discharged uneventfully the following morning. The attending physician recommended a psychiatric consultation, but the patient declined. PATHOLOGIC EXAMINATION Examination of the specimen revealed a perfect concrete cast of the rectum, measuring 12 X 7 X 5 cm and weighing 275 g (Fig. 2). A thin layer of feces coated the surface and crevices. Grooves in the mass were consistent with rectal mucosal folds. A layer of concrete was chipped off the upper part of the specimen and revealed a white plastic ping-pong ball. This corresponded to the radiolucency observed in the abdominal x-ray.

## Case 4:

In an attempt to ease his constipation, a 64-year-old man had inserted a microwave egg boiler (MEB) into his rectum. This is an egg-shaped device — 11 cm in diameter at its widest point — with a rim at the base, and in two halves that can be joined firmly together. Unfortunately, the MEB rather exacerbated his constipation and he presented to us several hours later. Digital manipulation, bed rest and analgesia failed to relieve the problem and so he was listed for extraction of the MEB under general anaesthesia. He was placed in the lithotomy position and attempts at manual extraciton were made. When these failed, two spong forceps and then two Black's tissue forceps were attached to the rim at the MEB base; traction was applied combined with periabdominal pressure from the anaesthetist. This succeeded only in rotating the MEB about its longitudinal axis, partly as a result of its widest diameter being wedged above the ischial spines and partly because the base was impacting on the rectal valves. After a period of quiet contemplation, a pair of Wrigley's obstetric forceps were ordered from the labour ward. These were inserted around the egg as around the head of a baby, traction was applied along the pelvic curve and the MEB was 'delivered' with aplomb. Our patient suffered no further problems and indeed opened his bowels before discharge, his constipation cured. This is not the first use of obstetric forceps to remove rectal foreign bodies (MacDonald, 1961; Burre, 1969; Peet, 1976; Busch and Starling, 1986), but it illustrates the need for versatility among surgeons in the face of an ever-increasing array of modern-day obstacles.

# Rubbish

What is the growing and different response of the youthful generation towards the problems of today's world? It is a response which is in polar opposition to the entire repertoire of responses practised in the last twenty years. It is, quite succinctly, to "drop-out". Now what is meant here is not merely dropping out from school (which is certainly part of the idea) nor a quitting of a job. It is a total arrest of all of one's worldly activities. It is an attempt to return to (as if we have ever been there at all) and regain that fundamental value of the process of living itself.

## WHY DOES HER HUSBAND PREFER TO STAY OUT NIGHT AFTER NIGHT?

- A. Because this wife has not bothered about their intimate marital happiness.
- Q. How has she failed?
- A. By not practicing sound feminine hygiene with a scientifically correct preparation for vaginal douching . . . "Lysol" in proper solution.
- Q. Wouldn't soap, soda, or salt do just as well?
- A. Never! They're makeshifts. They can't compare with "Lysol" in germ killing power. "Lysol" is gentle to sensitive membranes, yet powerful against germs and odors . . . effective in the presence of mucus and other organic matter. Kills germs on contact.
- Q. Do doctors recommend "Lysol" for vaginal douching?
- A. Yes, indeed! Many leading doctors advise their patients to douche regularly with "Lysol" brand disinfectant just to insure daintiness alone. Safe to use as often as you want. No greasy aftereffect. Three times as many women use "Lysol" for feminine hygiene as all other liquid products combined!

**KEEP DESIRABLE,** by douching regularly with "Lysol." Remember—no other product for feminine hygiene is more reliable than "Lysol". . . no other product is more effective!
